### Report

Visits to national museums and galleries in England

#### Introduction

The aim of this report is to show how attendance to museums and galleries changed in last few years and to discuss how it can be raised up.

#### Total summary

From given information we can clearly see two basic things:

1) In most cases from 2013 to 2015 cultural attendance changed respectively;

2) The rate of attendance in the second period (2015-2017) has not changed all that much;

This can say about rising cultural level of the country.

#### Comparison with last years

Through the range of years ~~the~~ the comparison has been done:

1) In 2013 British museum was visited by 2.6 mln people, while in 2015 it was visited by 5.1 mln;

2) There is also significant decrease: Science ~~the~~ museum was visited by 3.8 mln in 2013, while in 2015 only 1.3 mln visited it;

#### Reccomendations

It was felt by a lot of visitors that cultural system still may be improved.

- Slight draw on of the ~~the~~ attendance can be done with the help of advertisement through radio and TV, maybe even using billboards in the cities;

- Some people gave their unpleased appeal of uninteresting guides in the museums, so they should be requalified or new stuff hired;

#### Conclusion

Eventhough the growth of visitors is substantial in last few years, it can be even higher, if the improvements are going to be done.
